PRESTIGIOUS MARINE STRUCTURES

MADE WITH ARMOUR
ROCK FROM

Dubai Water Canal

Our Achievements

Stevin Rock's high-quality limestone armour rock has been used for the most prestigious marine structures in the UAE and the GCC countries.

We contributed with sister company RAK-NOR to the preservation of marine life with the supply of rock for making concrete reef balls in Ras Al Khaimah and also for high-performance concrete quay wall blocks for the new deep water berths at Saqr Port in Ras Al Khaimah

Concrete reef balls in Ras Al Khaimah

Best International Standards

The Company has been approved to International Management System Standards such as ISO 9001:2015 (Quality Management), ISO 14001:2015 (Environmental) and ISO 45001:2018 (Health and Safety)

Stevin Rock has also complied with the requirements of the Framework Standard for Responsible Sourcing BES 6001: Issue 3.0.

Customers' Satisfaction

Stevin Rock's customers' satisfaction is of paramount importance and the Company is committed to maintain the highest level for the quality of its products and services, recognized by the Company's ISO 9001 certification through the use of state-of-the-art equipment supervised by highly qualified and experienced management together with stringent quality assurance procedures.
